

## PRIO – HIGH

1. Title: By clicking on zyro logo for the first time while being on pricing wizzard page user is redirected to sign in page

Please see .gif attached -> pricing\_wizzard.gif

Browser: Chrome/FF

Link: <https://zyro.com/>

Page: Pricing->Wizzard

Description: Sign in page opens up when zyro logo is clicked once while being on pricing wizard page

Steps to reproduce the bug:

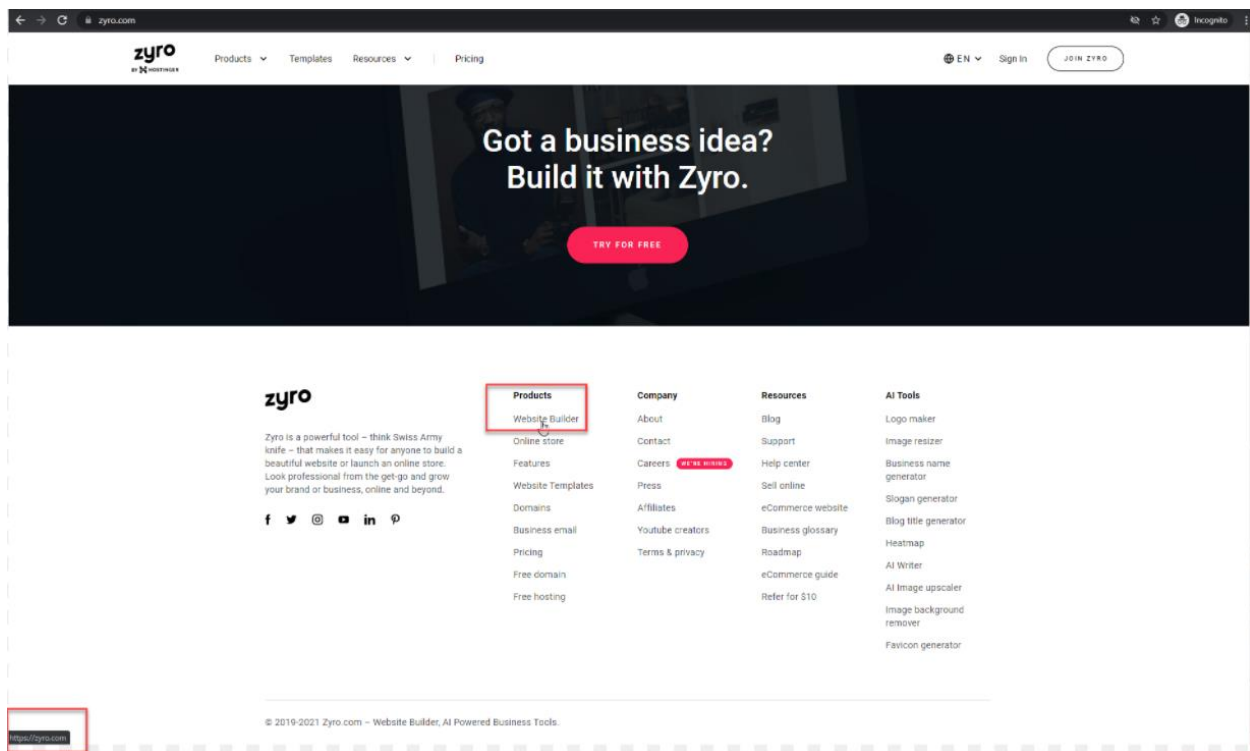

- Open <https://zyro.com/> on New Incognito window
- Scroll down to see link „Try pricing wizzard“ on section Choose your website builder plan
- Click on Try pricing wizzard
- Click on logo „ZYRO by Hostinger“ once

Actual behaviour: Sign in window opens up

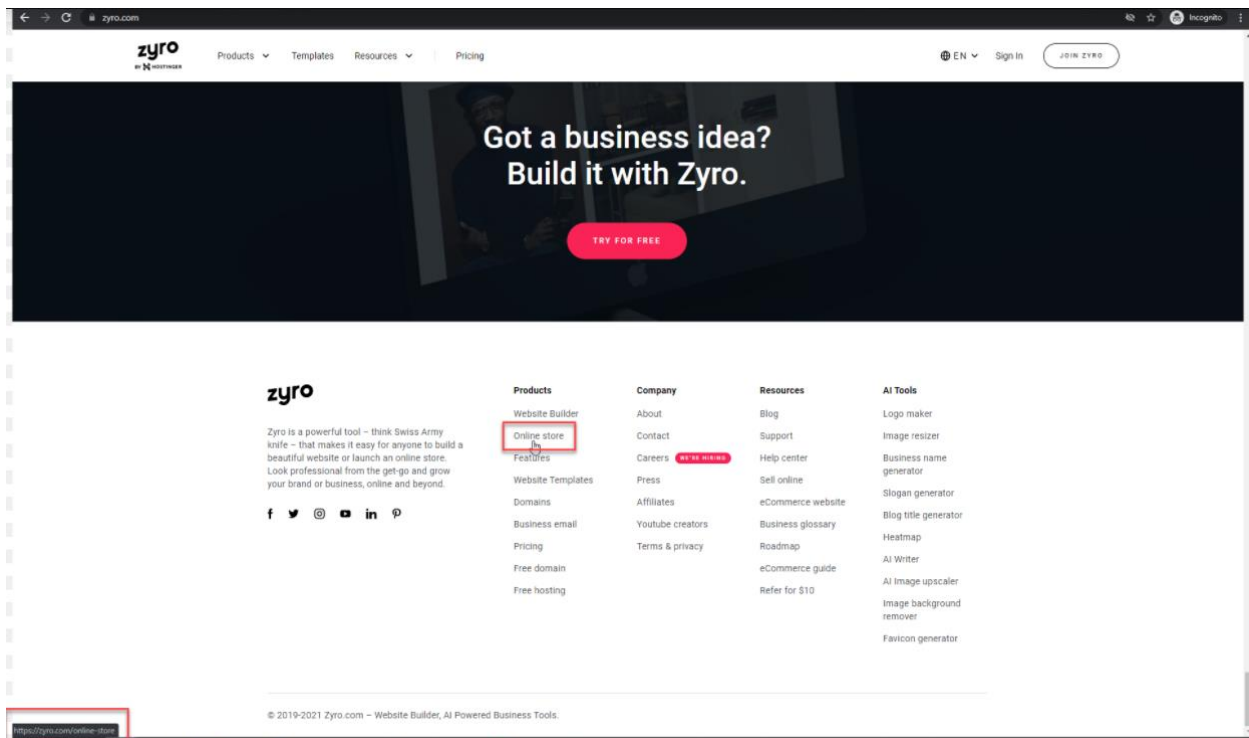

Expected behaviour: Homepage opens up when logo is clicked once

## PRIO – HIGH

2. Title: Clicking on Website Builder on footer doesn't lead anywhere-> wrong/no link added

E.g. clicking on Online Store leads to Online stores, right link is added:

**Browser:** Chrome/FF

**Link:** <https://zyro.com/>

**Page:** Homepage

**Description:** Clicking on Website Builder on footer doesn't lead anywhere, stays on homepage as I believe it should redirect to <https://zyro.com/website>.

**Steps to reproduce the bug:**

- Open <https://zyro.com/>
- Scroll down to the footer
- Click on Website Builder under Products

**Actual behaviour:** Link is shown as clickable but doesn't redirect anywhere, clicking on it nothing happens

**Expected behaviour:** Redirects to <https://zyro.com/website>. The same behaviour as clicking on Website under Products in main navigation

**PRIORITY – HIGH**

### 3. Clicking on "Let's talk" on Pricing page doesn't lead anywhere

**Browser:** Chrome/FF

**Link:** <https://zyro.com/pricing>

**Page:** Pricing

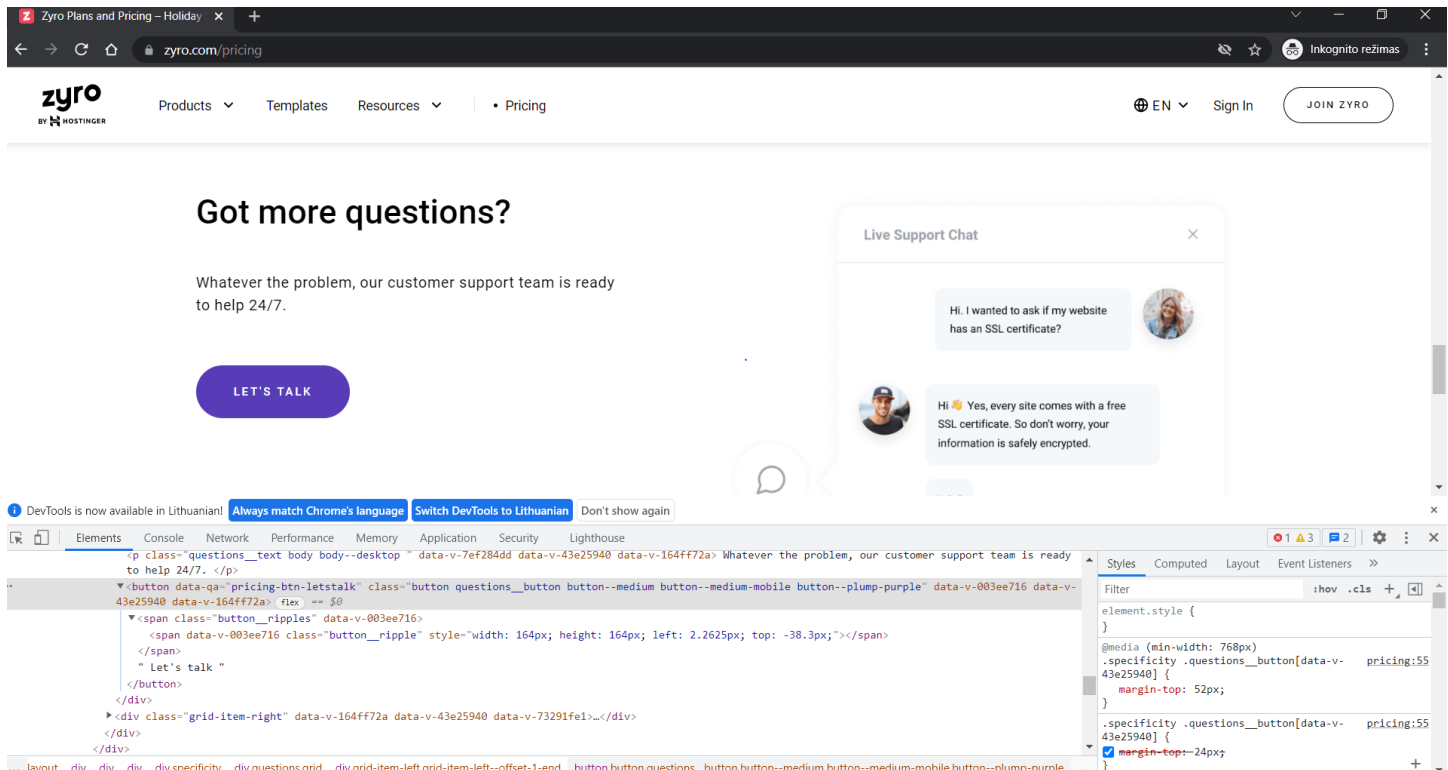

**Description:** If I click on the button „Let's talk“ nothing happens on Chrome. If I click the same button using FF, a new empty window opens up.

**Steps to reproduce the bug:**

- Open <https://zyro.com/pricing>
- Scroll down to see "Let's talk button" in "Got more questions?" section

- Click on that button

**Actual behaviour:** Nothing happens. Seems that there is not „<a>“ tag with href added.

**Expected behaviour:** New window/modal opens up, Possible to ask question/talk with the assistant.

## PRIOR – NORMAL

### 4. Title: Clicking on “See all features” on plan modal, all modals that have this buttons open up/close

Please see .gif attached -> plans\_modals.gif

**Browser:** Chrome/FF

**Link:** <https://zyro.com/>

**Page:** Pricing

**Description:** Some of the plan modals have button „See all features“. If I click this button for one modal, all modals that have this button opens up/close

**Steps to reproduce the bug:**

- Open <https://zyro.com/>
- Click on Pricing in main navigation
- Zyro Premium plans page opens up
- eCommerce and eCommerce Plus have button “See all features”
- Click on this button for eCommerce plan

**Actual behaviour:** Both modals open up

**Expected behaviour:** Only one modal for which button was click open up/closes

**PRIORITY – LOW**

5. Title: UX: in section “Make your website in minutes” accordion opens up to the top for the first time and therefore customer not able to see all information without scrolling

Please see .gif attached -> behaviour\_of\_accordion.gif

**Browser:** Chrome/FF

**Link:** <https://zyro.com/>

**Page:** Homepage

**Description:** Clicking on accordion for the first time it opens up to the top and therefore customer not able to see all information without scrolling

**Steps to reproduce the bug:**

- Open <https://zyro.com/> on New Incognito window
- Scroll down to the „Make your website in minutes“
- Click on any of the closed accordion

**Actual behaviour:** It opens up to the top and half of the information not possible to see without scrolling up

**Expected behaviour:** All information in the open accordion should be visible without scrolling (when open up for the second time the all information is visible).
